The Speakers

Start with the problem your audience is facing. Each speaker is matched to one.

Dave Delaney
Communication & connection

Problem: communication gaps

Helps people clarify their message, strengthen collaboration, and turn ideas into focused action.

Holly Duckworth
AI & future-ready leadership

Problem: AI feels overwhelming

Helps women build confidence with AI and make empowered decisions while keeping the human touch.

Kalinda Fisher
Belonging, connection & community

Problem: disconnected in a connected world

Shows why belonging is harder to find — and how intentional conversation, third places, and everyday connection rebuild trust and community.

Mridu Parikh
Productivity & focus

Problem: busy teams lose focus

Teaches professionals how to prioritize meaningful work, improve follow-through, and reduce overwhelm.

Jess Patz
Resilience & human performance

Problem: stuck in survival mode

Reveals the hidden cost of survival mode, redefines resilience, and builds the safety and self-awareness needed to thrive.

Chris Whitney
No One Unseen

Problem: people feel unseen

Helps leaders create environments where people feel valued, build trust, and take action.
